"We would not be merged in less than one year without Benesch. Their preparation, work, and guidance led to our success in moving through the process of putting this company together."

Conceived and founded by 16 doctors, EPIC4 is a unique entity—a Specialty Partnership Organization where dental specialists can maximize potential at all stages of their life and practice. Forming EPIC4 was something of an epic M&A, involving a merger of 26 dental specialty organizations with a total of 56 orthodontic & pediatric practice locations in 14 states. With Benesch's guidance, the company successfully navigated pre-, during, and post-merger matters, including everything from ownership and structure decisions to payoffs and transactional requirements to employment contracts and profit-sharing agreements. Next up for the team: enabling ongoing growth as more practices join the EPIC4 partnership.
